Ms. Barton-Karnes noted that the cost estimate is \$1800 and that she is in receipt of contributions totaling \$1080. She added that the group is still working on its fundraising.

Councilwoman Parella asked to know the planned location for the bench with Ms. Barton-Karnes responding that the location will likely be Independence Park and that Mr. Holt is fond of the park and visits there frequently.

Council Chairman Calouro suggested that Ms. Barton-Karnes should continue with her fundraising efforts and return to the Council to report any shortfall.

5. Coastal Resources Management Council re Public Notice - Application of Town of Bristol for

TOWN COUNCIL MEETING - WEDNESDAY EVENING - MARCH 14, 2018

Boardwalk Extension (deadline to request hearing, April 5, 2018)

Stuart/Sweeney - Voted unanimously to receive and place this matter on file.

6. Lisa M. Nelson, for Fix Our Schools RI re Introduction of Initiative
 - a. Supporting Documents

Tyska/Sweeney - Voted to adopt the provided resolution of support as written. Voting in favor of this motion were Council Chairman Calouro, Councilman Sweeney, Councilman Tyska, and Councilman Stuart. Voting opposed was Councilwoman Parella.

Prior to the vote taken, Ms. Nelson appeared before the Council and noted the "Jacobs Report," so called, which was released by Governor Raimondo at a press conference held at the Kickemuit Middle School in November. She explained that the report indicates that the State must spend \$2 billion to repair its schools and that the Bristol & Warren share of this is \$49 million.

Ms. Nelson reported that the State can afford to pay for these repairs based upon an analysis completed by General Treasurer Seth Magaziner since the State will be soon to pay of \$1.5 billion in debt next year and that this would allow the State to borrow an equivalent amount anew. Ms. Nelson suggested that these funds would be similar to a "free credit card" since it would not raise taxes.

Councilman Stuart noted that the Jacobs report commended the Bristol Warren Regional School District for its proactivity. He stated that he was frustrated by the condition of the schools elsewhere in the State and that the State will expect its citizens to pay for the long overdue repairs.

Councilman Stuart noted that there are problems with the State funding formula for education and expressed further frustration that the citizens of the Town of Bristol would have to "pay at the end of the day" and that others should have followed the example of the Town of Bristol and "deal with it."

TOWN COUNCIL MEETING - WEDNESDAY EVENING - MARCH 14, 2018

Councilwoman Parella asked to know about Ms. Nelson's organization "Fix Our Schools" with Ms. Nelson explaining that this is a non-profit entity. She added that she became interested in school maintenance issues when she realized that the asthma rate in children attending Rhode Island schools was 40% higher than the national average.

Councilwoman Parella noted that there is a significant need to repair urban schools. She added that the Town does not usually take positions on referendum matters since its information is very limited as compared to the many hours of testimony and volumes of backup information that are made available to the members of the General Assembly. She added that it is the Assembly which determines ballot referendum questions.

Councilwoman Parella also noted that the State has enormous debt service and perhaps the taxpayers would prefer to have some relief from this when the \$1.5 billion debt Ms. Nelson speaks of was retired.

Councilwoman Parella took exception to Ms. Nelson's comparison to a free credit card since the cost to pay back schools bonds would be borne by the taxpayers.

Councilwoman Parella suggested that Ms. Nelson might better utilize her time by advocating at the General Assembly. She added that she does not oppose the idea to fix the school buildings.

Ms. Nelson reported that she plans to attend a House Finance Committee meeting next week to advocate for the bond issue.

Councilwoman Parella noted that a Council resolution in these matters is considered to be "pro forma" by General Assembly Members. She suggested that Ms. Nelson should bring supporters to the House Finance Committee rather than a resolution.

Councilman Sweeney and Councilman Tyska stated that they approve of the idea of sending a resolution.

7. Councilman Stuart re Senior Services
Collaboration Update

Stuart/Sweeney - Voted unanimously to
receive and place this matter on file.

Prior to the vote taken, Recreation Director Burke noted that the Recreation Department has been working directly with seniors

TOWN COUNCIL MEETING - WEDNESDAY EVENING - MARCH 14, 2018

for a long time. He added that this year the Department has increased its programming specifically for seniors and that 40% of the visitors to the Quinta-Gamelin Recreation Center are over 55 years old.

Recreation Director Burke explained that the activities provided to seniors include among others chair yoga, bowling, pickle ball, line dancing, tai-chi, and diabetes prevention. He noted that the Senior Services Coordinator is doing the programming.

Recreation Director Burke outlined a number of senior-specific programs that collaborate with other Town entities such as the police and fire departments. He added that a six-week craft class will begin on March 21. He also added that the Recreation Department will organize a senior services collaboration meeting and that all senior service programs in the community will be invited to attend and share resources so that all will be "on the same page."

Councilman Stuart stated that he would like to have a list of activities and dates in the Recreation Department Quarterly Report.

Recreation Director Burke added that there will be a legal workshop for seniors on April 5 and a trip to the Home & Garden Show on April 6. He also added that there will be an Alzheimer's disease workshop on April 19.

Recreation Director Burke reported that the Corliss Center will provide a workshop on sign language sometime in May.

Councilman Stuart suggested that the Department might wish to conduct a Town-wide survey asking seniors for program preferences.

Councilwoman Parella asked to know if all senior groups will be invited for the meeting on March 26 and if Harbor Lights is included.

Recreation Director Burke indicated that Harbor Lights was to be included.

Councilwoman Parella noted that it would be desirable to have more activities in the evening for seniors who still work. Councilman Stuart agreed with Councilwoman Parella.

Councilman Tyska asked to know if all of the programs listed by Recreation Director Burke are held at the Quinta-Gamelin

TOWN COUNCIL MEETING - WEDNESDAY EVENING - MARCH 14, 2018

Recreation Center with Recreation Director Burke responding that most of the programs are held there but that this may change after the collaboration meeting. He added that the Town's senior program is not about a particular location but rather about providing services to seniors.

Councilman Tyska stated that he believes that there is a strong need to take a strategic look at what the population needs. He expressed concern that the current situation might be categorized as a ship without a rudder. He encouraged the Council to look at the overall plan.

Councilwoman Parella noted that the program should also consider the needs of the seniors who prefer to stay at home. She explained that some seniors, who live alone, at home, may need access to help with snow removal and other types of occasional assistance.

Recreation Director Burke noted that there is ongoing work to frame a brochure of services. He suggested that the snow removal, etc., would require personnel.

Councilwoman Parella explained that she did not anticipate that the services would be free but rather that the Recreation Department might develop a preferred list of suppliers and service providers and vet these to protect the seniors' interest.

Recreation Director Burke reported that he invited Dr. Paul Agatiello to attend the summit meeting.

Councilwoman Parella noted that she worked on a needs assessment for the Wrentham Council on Aging.

Maria Doherty, president of the Benjamin Church Senior Center reported that the Senior Center has a list of those persons who do shoveling and agreed that it would be useful for the various parties to sit together and discuss common goals. She noted that she is ready and excited to meet with the group described by Recreation Director Burke.

She noted that the Benjamin Church Senior Center has been the "hub" and that she is concerned that there has been a great deal of time wasted recently and that the current relationship between the Senior Center and the Town is "ridiculous."

Councilwoman Parella asked to know how the Senior Center programs are promoted with Ms. Doherty explaining that these are

TOWN COUNCIL MEETING - WEDNESDAY EVENING - MARCH 14, 2018

advertised on Facebook. She added that Donna Wilson also visits seniors in their homes.

Councilwoman Parella stated that the current relationship between the Senior Center and the Town is not ridiculous since there seems to be little cooperation and coordination between the two.

Councilwoman Parella also stated that it was unwise to rely too heavily on Facebook.

J. **BILLS & EXPENDITURES**

1. Town Treasurer Goucher - Request for Interdepartment Line Item Transfer from Community Development to Recreation, **continued from February 28, 2018**

Sweeney/Stuart - Voted unanimously to approve this transfer as requested.

Prior to the vote taken, Town Administrator Contente explained that the reason for the request is to support the salaries of the newly appointed Recreation Director and the Coordinator of Senior Services through the end of the current fiscal year.

He noted that there was a desire to have some overlap in the Recreation Department in order to allow the new director to function prior to the retirement of the current director.

Town Administrator Contente also noted that the Coordinator of Senior Services is working within the Recreation Department and that this position was not previously funded through Recreation.

Town Administrator Contente explained that there are unused funds in the Community Development Department budget and that these were the result of the departure of Economic Development Coordinator Pflaumer.
